TRIUMPH TULIPS

ALGIBA. A bright lilac blue Tulip of cylindrical form with wonderful lasting qualities. Blooms in mid-February in pans. Height 24 in.

\$1.00 per doz., \$8.00 per 100

AVIATEUR. Large, urn-shaped flowers of shimmering carmine red feathered with a white edge and accentuated with a white base. Height 23 in.

\$1.50 per doz., \$10.00 per 100

DENBOLA. A grand goblet-shaped flower of rich, dark purplish red and white. Height 23 in.

\$2.00 per doz., \$12.50 per 100

ESSEN. Beautiful cherry red margined with a pure white. Height 24 in.

\$1.35 per doz., \$9.50 per 100

LORD CARNARVON. A magnificent flower of deep pink color with a large white base and a white edging. Very large blooms. Height 26 in.

85c. per doz., \$6.00 per 100.

MISSISSIPPI. The spotlight of the Triumphs. Brilliant red with long pointed flowers. Lasts over a long period. Height 25 in.

\$1.00 per doz., \$8.00 per 100

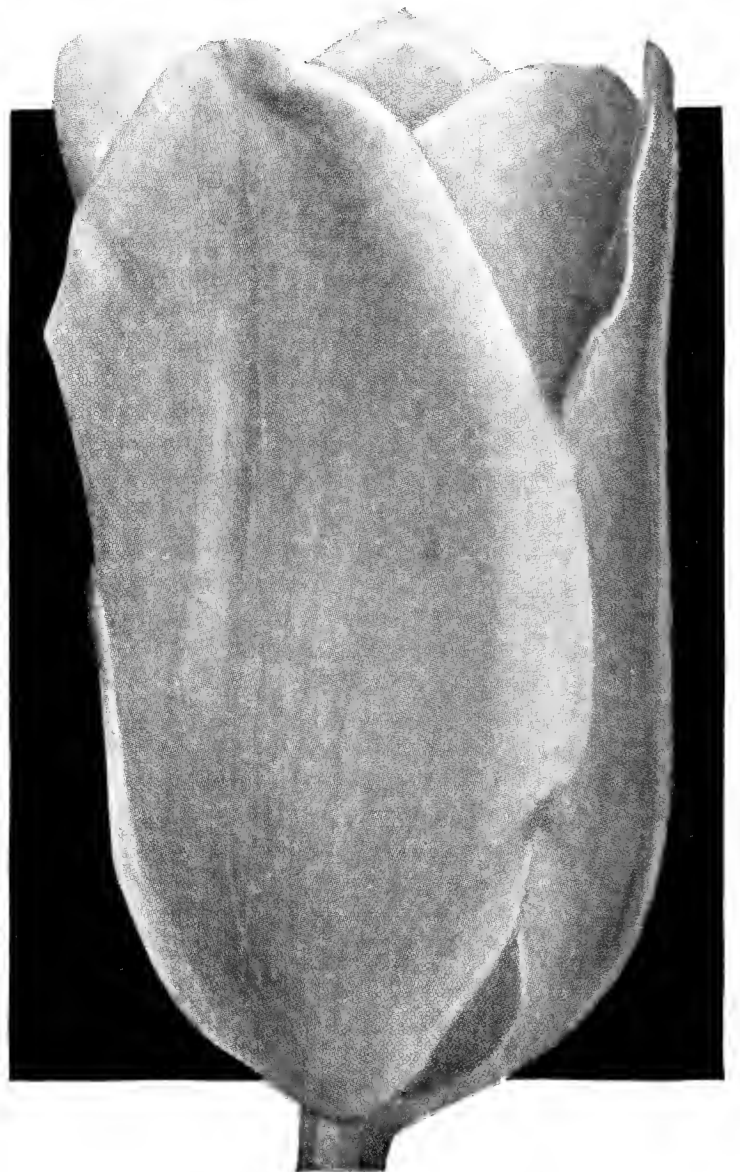

Sundew

Truly the most unusual Tulip offered. A gorgeous cup of dazzling crimson carried on a tall, stately stem. But most outstanding is the intricate fringed and lacinated edge that lies horizontally across the petals. This is further enhanced by a beautiful blue base.

Sundew does not fade in the sunlight and lends itself artistically in a cut flower arrangement. Height 28 inches.

85c. per doz., \$6.50 per 100

Right—
Algiba

Lower left—
Denbola

MR. ZIMMERMAN. A fascinating light Fuchsia red to the edge, soft silvery reflection. Lower part of the flower white. Height 22 in.

\$1.00 per doz., \$8.00 per 100

SAGITTARIUS. A very pleasing and beautiful Tulip of alabaster white suffused with creamy white and tinted with the softest rose at the edge of the petals. A sturdy grower. Height 23 in.

\$1.00 per doz., \$8.00 per 100

TELESCOPIUM. A Tulip of great size and substance. Of a plum reddish violet color changing to a violet blue. A very good foreer. Height 24 in.

\$1.00 per doz., \$8.00 per 100

URSA MINOR. The best and only real yellow of the Triumph Tulips. A true butter yellow with a rigid stem. Height 23 in.

\$1.50 per doz., \$10.00 per 100

CONDITION OF SALE—We give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, plants or bulbs we sell; and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are to be returned at once. **MAX SCHLING SEEDSMEN, Inc.**

All Bulbs in this Catalogue are delivered in the United States

NEW
COTTAGE
TULIP

Advance

The most entrancing and perhaps the most remarkable of the Cottage type, **ADVANCE** is the result of a cross between *Gesneriana spathulata* and the Botanical Tulip *Greigi*. A giant, fiery red with a purplish bloom on the outside and a Blue inner base. When in full bloom it resembles the Oriental Poppy.

The flower is borne on a tall, erect, 30-inch stem, well ahead and lasts longer than any other Cottage Tulip. It is graced with a beautiful foliage of silvery green.

\$2.45 per doz., \$17.00 per 100

Schling's Superb

The glory of the Spring garden with their lovely cups nodding a merry "good morning" to you every day for weeks. Tall and stately with huge flowers towering erect on strong stems. Plant the bulbs 5 inches deep to the bottom of the bulb and 6 inches apart, either in clumps or groups of 25 or more, or in beds. Between October 10 and 25 is the best time to plant, although it may be done until the ground freezes.

Doz. 100

Afterglow (Katherine Havemeyer). A superior Tulip with large, globular flowers, rose shaded and margined with amber; inside a deep salmon rose shading to amber, center slightly flushed blue. Height 27 in. \$0.80 \$5.50

Anton Mauve. Enormous cup-shaped flowers clear violet blue, turning to silvery lilac at the edges of the petals. Does well in both partial shade and full sun. Also a fine forcer. Height 30 in. .95 7.00

Aphrodite. A beautiful Darwin. Clear, silvery rose pink with white base and a large, round flower borne on a very tall, stiff stem. Height 33 in. 1.00 7.50

Aviator Hawkes. An outstanding Tulip. Large, beautifully formed bloom of bright deep rose with slightly lighter edge. A very sturdy variety. Height 32 in. 1.10 8.00

Baronne de la Tonnaye. An old favorite still popular. Blending colors of carmine rose at the midrib toning off to soft pink at the edges. Rose white tinged blue. A good forcer. Height 26 in. .75 5.25

City of Haarlem. A Tulip that never fails. A handsome Darwin of great substance. Intense scarlet with a steel blue base edged white. Height 27 in. 1.00 7.25

Clara Butt. One which deserves a place in every garden. A delightful color of soft, salmon rose with a slight bluish tinge on outer petals. Center white with blue gray markings. Perfect form. Height 23 in.75 5.25

Dream. Exceptionally fine, large, cup-shaped flower; soft rosy mauve on a heliotrope ground with silvery edging; center electric blue and white. Height 25 in.80 5.50

Giant. A giant—true to its name. Huge, rounded flowers of heavy texture. Deep reddish purple shaded dark violet with a white base and blue markings. Borne on a stiff stem. Height 30 in.90 6.50

Golden Fleece. An outstanding variety of yellow in the Darwin class. Its bright, golden yellow petals accented with bronzy tips on each petal are very striking. Combines well with other colors. Height 23 in. 1.00 7.00

Jubilee. One of the finest, unusual egg-shaped of the richest deep wine color toned with deep purple and marked with a contrasting white base with blue markings. Height 30 in. 1.00 7.25

Kathleen Parlow. One of the finest new varieties in the Darwin family. Its unusual coloring always draws immediate attention. Bright silvery rose with a white center. The flowers are exceptionally large and are carried on strong, tall stems. Height 30 in. 1.65 11.50

King George V. A superb Tulip. Translucent cherry with a glow of scarlet. The reverse of the petals display an iridescent sheen of orange scarlet on blue and white base. Very large blooms. Height 26 in. 1.20 8.50

BREEDER TULIPS

Nature's happiest color combinations of purple and bronze, gray and lilac, yellow and bronze, brown and orange. Grow as tall as Darwins, with flowers as large, and their fine colors produce a most artistic effect. Plant them 5 inches deep to the bottom of the bulb and 6 inches apart, either in solid beds or in clumps of twelve to twenty-five.

Bacchus. Superbly attractive, ob-Doz. 100 long, globe-shaped flowers of rare violet blue dusted with bloom of grapes. A gay blue and white pattern inside shading into a glistening violet. Height 28 in. \$0.90 \$6.50

Bronze Queen. The subtle blending of deep yellow and brown with a touch of rose makes this Tulip an outstanding variety. It has a peculiar beauty all its own. Height 28 in.80 5.75

Dillenburg. This new variety, a giant in size, is best described as brilliant salmon orange shaded rose. It is borne on tall, stiff stems. Height 32 in. 1.05 7.50

Dom Pedro. A beautiful, large, delightfully fragrant flower. Warm coffee brown on a cadmium yellow ground. Inside rich reddish mahogany with a yellowish base streaked olive. Height 28 in.90 6.75

Fairy (Panorama). A wonderful Tulip for form and keeping qualities. The combination of reddish mahogany and old gold are most pleasing and blend well with other varieties. An excellent foreer. Height 25 in.90 6.50

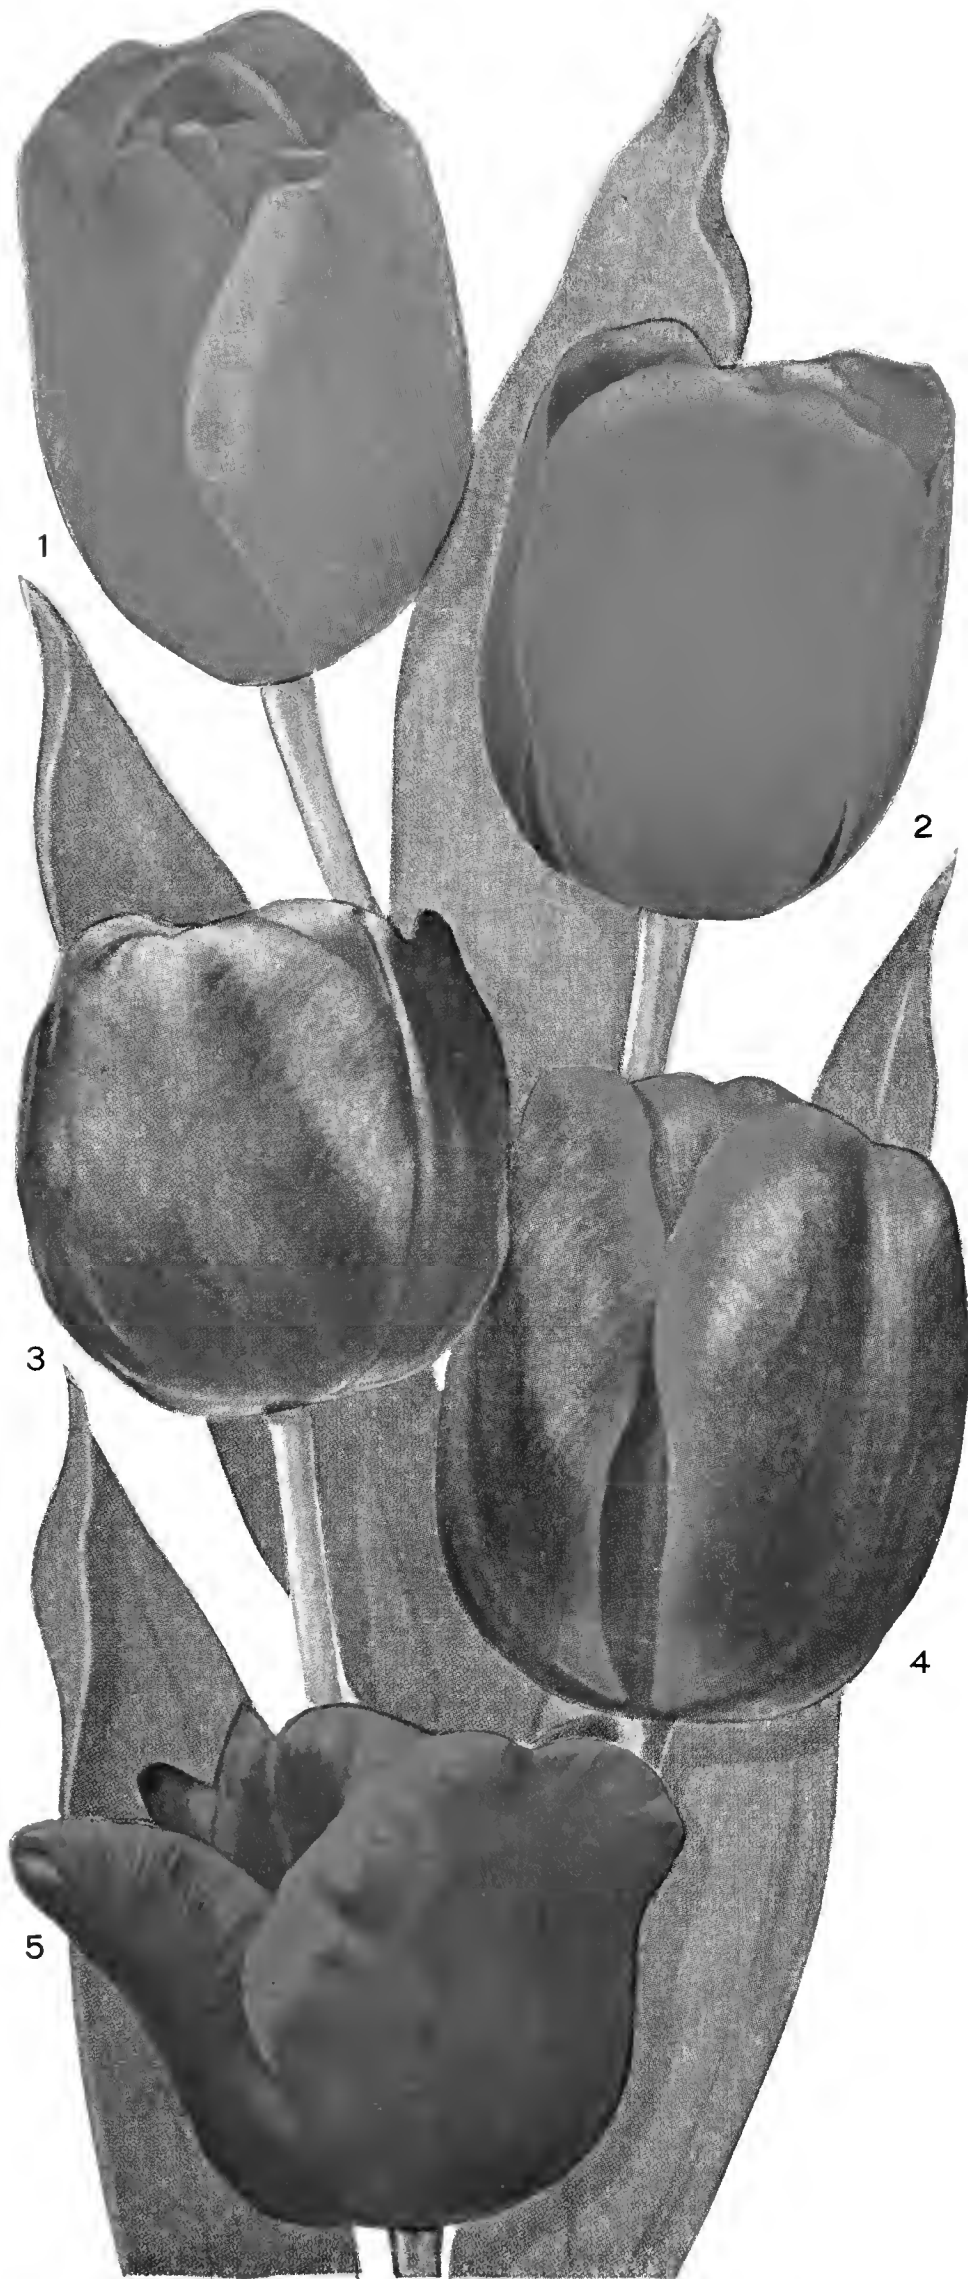

Indian Chief (Meyerbeer). Is truly the most outstanding of all Breeder Tulips. Beautiful Indian coppery bronze with a burnished metallic sheen with suggestions of rose and purple. The large flower is carried on tall, erect stems and last a long time in the garden. Height 36 in. . 1.50 10.50

Jaune d'Oeuf (Yolk of Egg). Deep chrome yellow with a slight flush of lilac. Inside ruddy apricot toned with old gold accented with black anthers and base. Height 26 in. . .90 6.50

Louis XIV. Large, goblet-shaped flowers possessing a most artistic blending of colors. Rich, dark purple, shaded steel blue enlivened by a gold brown edge. Inside a deep purple showing a dark green base with a yellowish star. Height 30 in. .95 7.50

Mrs. Beecher Stowe. Beautiful, clear violet blue with a white clean base; fine form and clear color. Does not fade in the sunlight. Height 30 in.95 7.50

(Breeder Tulips continued on page 6.)

1. Dillenburg 2. Prince of Orange
3. Dom Pedro 4. Louis XIV
5. Indian Chief

OFFER H— 100 each of 5 varieties as pictured, for 34.00

COTTAGE TULIPS

A glorious group of Tulips particularly adapted for naturalizing. Many of these varieties have been found growing about the country houses and cottages in England and France for many years, hence the name. They are charming in groups in the borders and among shrubs and are absolutely hardy. They have stately flowers with long, narrow cups, some elongated, with pointed petals beautifully reflexed at the edges; many of them sweet scented. Plant same way as all late Tulips—5 inches deep to the bottom of the bulb and 6 inches apart.

Advance. See <i>frontispiece</i> .	Doz.	100
*Alaska. An outstanding hybrid. Beautiful elongated flowers with slightly reflexed outer segments. A clear bright yellow with a buttereup yellow base. Height 25 in. . . .	\$0.90	\$6.50
Ambrosia. A long-stemmed variety. Very large, fawn-colored flower with amber lights and a rosy glow throughout. Inside salmon orange shaded bronze and lilac rose. The fragrance of this Tulip is similar to that of a Rose. Height 28 in.85	6.25
Argo. Golden yellow mottled red passing into a reddish brown as the flower ages. A good size round flower on a strong stem. Height 26 in.95	7.00
Avis Kennicott. Rich, chrome yellow with a black base and ivory stamens. A graceful, long-petaled type. Height 26 in.85	6.25
Bouton d'Or (Ida). Especially recommended for its pure rich golden yellow. Unexcelled for bedding. Height 20 in.75	5.50
Buff Beauty. An unusual, interesting, and very delicate Tulip. Salmon orange shaded buff. Center is orange with yellow shading. Height 22 in.90	6.50
Carrara. The purest white Cottage with ivory stamens. The rounded segments all come to the same level when the flower is half open. A wonderful foreer and fine cut flower. Height 25 in.	1.25	9.00
Dido. Lovely oval-shaped flower; outside orange red with earmine shade and orange shaded edges. Inside bright salmon orange with a yellow base bordered green. Very large and fragrant. Height 27 in.85	6.00
Ellen Willmott. A delicate shade of soft yellow. Splendid long flower, delicately fragrant. Height 20 in.85	6.00
Golden Wonder. Golden yellow shaded brown with black anthers, developing golden yellow and deep reddish orange markings when in full bloom. Height 24 in. . . .	1.25	8.50
Grenadier. Huge, dazzling orange scarlet flowers with yellow base, of fine form and heavy substance. Height 24 in.80	5.75
Inglescombe Yellow (Yellow Darwin). A great favorite. Perhaps the most popular yellow Tulip. Glossy, canary yellow with large globular flowers. Height 26 in.80	5.50

(Cottage Tulips continued on page 6.)

*Tulips are Lily-shaped type.

SINGLE EARLY TULIPS FOR BEDDING or FORCING —ALL FIRST SIZE BULBS

While especially recommended for forcing, planted outdoors they will bloom in April and during the first part of May. Plant bulbs 4 inches apart each way and 5 inches deep (to the bottom of bulb) after October 1 and until the ground freezes.

Cramoisi Brilliant. Glowing scarlet with yellow base; large, bold flower of perfect form. Height 14 in.....	Doz. 100		
		\$0.85	\$6.00
General de Wet (Fireglow). Beautiful golden, flushed and stippled fiery orange scarlet. A shade which is enhanced by artificial light; very fragrant. Height 16 in.....		.85	6.25
Keizerskroon (Grand Duc). Rich red with broad yellow bands on the edges of each petal. When open it resembles a scarlet crown tipped with gold. Height 15 in.....	1.00	7.00	
Lady Boreel. Large and long-shaped flowers of pure snow white color and satiny texture. Best white for bedding. Also an excellent forcer. Height 14 in.....	.85	6.00	
President Lincoln (Queen of the Violets). Flower of clear magenta violet with a slight white base. Beautiful to combine with yellow.	Doz. 100	\$0.85	\$6.00
Prince of Austria. A very showy variety. Brick red shading to buff orange, sweet-scented and of beautiful form. Very good forcer. Height 15 in.		.85	6.00
Rising Sun. A great exhibition variety, its pure yellow color, wonderful size and fine substance make it the finest of the Single Early Yellow Tulips. Height 15 in.....		.85	6.00
Rose Luisante. Beautiful rose pink, outside flushed white. A grand Tulip with exceedingly large blooms. Height 12 in.....		.85	6.25
Schling's Rainbow Mixture of Single Early Tulips. A fine assortment of top size bulbs of blending colors and uniform height.....		\$50.00 per 1000,	.75 5.50

DOUBLE EARLY TULIPS

Azalea. One of the newer varieties of the Double Early Tulips. A beautiful, deep rose flushed with salmon; very fine for forcing. Height 12 in.	Doz. 100	\$1.00	\$7.00
Brimstone (Safrano). Soft yellow tinged with a delicate salmon pink, full to the center. Height 12 in.....	1.00	7.00	
Golden King. Huge, Pom-shaped flower of glittering golden yellow; a ball of sunshine in the garden. Height 14 in.....	1.00	7.00	
Murillo. A very beautiful variety. Flowers are a delicate rose flushed white. Makes beautiful beds and known as the best forcing Tulip. Height 12 in.....	Doz. 100	\$0.80	\$5.75
Imperator Rubrorum. Rich glowing scarlet; intense shade of red; excellent for bedding and forcing. A very popular variety. Height 12 in.		.85	6.00
Schling's Rainbow Mixture of Double Early Tulips.		\$50.00 per 1000,	.75 5.50

BREEDER TULIPS—Continued

Pink Pearl. A lovely lilac pink with a rosy bloom. Inside rose shaded creamy white. A large flower with interesting curved petals. The best pink in the Breeder type. Height 28 in.....	Doz. 100	\$0.85	\$6.25
Mixed Breeder Tulips. A mixture of the finest varieties proportioned as to color.....		.80	6.00
Prince of Orange (Orange Beauty). A great favorite. Beautiful, elongated flowers of attractive terra cotta, edged lively orange. Inside flame orange on disc of gold with black radials. Height 28 in.....	Doz. 100	\$0.85	\$6.25

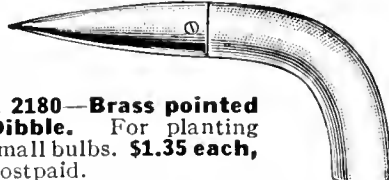

COTTAGE TULIPS—Continued

Jeanne Desor. A most beautiful Tulip, difficult to describe. The color is very striking, being of a deep orange yellow with a suffusion of scarlet toward the edges of the petals. Height 28 in....	Doz. 100	\$1.15	\$8.25
Marjorie Bowen. We consider this one of the finest of the Cottage Tulips. Its unusual coloring is most intriguing. Its shading of buff and salmon which passes into a deep rose pink and salmon shades with a white center, holds the attention of each admirer.....	2.30	15.50	
Mongolia. Is indeed an outstanding new variety. A distinct shade of deep yellow, quite different from any other yellow Tulip; the very large flowers are pear-shaped and of great substance. Extra strong stems. Height 32 in....	80c. each,	8.50	65.00
Moonlight. Bright canary yellow, large, oval shaped flowers with a slight reflex at the tips. An old garden favorite. Height 22 in.....	.85	6.00	
Mrs. F. E. Dixon (Sulphur Beauty). A sulphury yellow Tulip throughout with a slightly deeper yellow base, the anthers are also yellow. One of the best Cottage Tulips offered in the past three years. The flowers are immense and borne on strong, stiff stems. The petals have a waxlike texture, a substance we have not yet seen in any other Tulip. Height 28 in.....	4.00	29.00	
Mrs. Kerrell (Mrs. Brown). Rose orange with delicate amber tinge, center white bordered electric blue. Pointed, excellent bedding. Hgt. 20 in.	Doz. 100	\$0.95	\$7.00
*Mrs. Moon. About the most popular yellow, Lily-shaped Tulip, a rich golden yellow. Blooms are long and pointed. The outer petal reflexed. Distinctly perfumed. Height 30 in.....		.85	6.00
*Nectar. Fiery crimson throughout. Does not fade in sunlight; inner base white, reflex outer petals. A very good forcer. Height 23 in.....		.90	6.50
Orange King. This Tulip should be in every garden. The outside of the petals is deep orange with a cast of rose. The inside is orange scarlet. Sweet-scented. Height 19 in.....		.80	5.75
Orient. Carmine purple edged orange brown, yellow center with a dark green halo and black anthers. Height 30 in.....	1.00	7.60	
*Picotee (Maidens Blush). Highly recommended and one of the prettiest old favorites. Creamy white, deeply margined with a brilliant rosy red. Height 20 in.....		.80	6.00
Red Rocket. The finest red of the Cottage type. It is a luminous scarlet with a blue black center. Height 22 in.....		.75	5.50
*Sirene (Lily Flower). A beautiful and most elegant Tulip. Color is cerise pink, pale pink at margin of segments, white base. Height 24 in.		.90	6.25

*Tulips are Lily-shaped type.

No. 211—Forged Steel Garden Trowel. 6 in. 60c. each, postpaid.

No. 218—Brass pointed Dibble. For planting small bulbs. \$1.35 each, postpaid.

K. K. No. 10—Heavy steel shank. The best trowel made. \$1.35 each, postpaid.

Parrot TULIPS

***Admiral of Constantinople.** Deep scarlet shaded orange and yellow.
 ***Coffee Color.** A beautiful combination of brown and yellow. Most unusual.

***Cramoisi Brillant.** Fiery crimson with black markings. Very large flower.

Fantasy. Flowing salmon rose with green stripes slashed with deeper rose. Held on a tall, rigid stem, the petals are ruffled and fringed. \$1.25 per doz., \$9.00 per 100, \$85.00 per 1000.

Gadelan. A royal bloom—bright violet purple inside and violet purple to bluish violet on the outside, edged white, some emerald green marks. The center is white edged blue and the anthers black. Long, stiff, 22 in. stem. \$2.75 each, \$31.00 per doz.

Gemma. A superb blooming, white feathered Tulip flushed with a soft pink. The only white Parrot Tulip, attaining the height of 22 in. 90c. per doz., \$6.50 per 100.

***Lutea Major.** Golden yellow with a light suffusion of scarlet. Green stripes on outer petals.

***Perfecta.** Light scarlet striped on green and yellowish ground.

All, except where prices are marked, 85c. per doz., \$6.00 per 100

***COLLECTION**—20 bulbs each * variety (100 bulbs in all), \$6.50

Diagram showing the proper depth and distance apart at which bulbs should be planted. Page 15.

Welcome Spring with BOTANICAL TULIPS

A most interesting group of wild Tulip species native of the mountain slopes and valleys of Central Asia and Asia Minor—lovely odd shapes, many with reflexed petals and curiously twisted, spotted, and reflexed foliage. They simply belong to the rock garden where their individual beauty stands out most prominently. Here they thrive and increase if left in the ground year in and year out. Plant them in groups of six to twelve among the rocks in fairly deep, well drained pockets.

	Doz.	100
Acuminata (Cornuta stenopetala sinensis). Yellow, streaked red. Very narrow petals tapering at the top to a threadlike point. April. 15 in.	\$2.25	\$15.00
Australis (Celsiana). Yellow, tinged reddish bronze. April. 16 in.	1.50	10.00
Biflora. White. Several flowers on a stem; rare.	2.50	16.50
Clusiana (Lady Tulip). Outer petals bright cherry red, inner petals creamy white with violet base. 8 in.90	6.75
Eichleri. Crimson scarlet, shaded orange, with glistening black center marked with gold. 8 in.	1.00	7.00
Fosteriana. Brilliant scarlet, yellow center. Interesting and very rare.	3.00	22.00
Hageri. Dark crimson, shaded bronze and yellow.	1.25	9.00
Kaufmanniana (Waterlily Tulip). Creamy white, tinged rosy red on the outside. 6 in.	1.60	11.00

	Doz.	100
Marjoletti. Soft primrose, shaded carmine red at base. 14 in.	\$1.10	\$8.00
Oculus-solis (Sun's Eye Tulip). Crimson with black and yellow center. 6 in.	1.25	9.00
Praecox. Scarlet and yellow, with black center.	2.00	12.00
Sylvestris (Florentina odorata). Pure yellow. The sweet-scented wild English Tulip.90	6.75

Schling's NARCISSI and DAFFODILS

VIRGINIA GROWN. FULLY ACCLIMATIZED—SUPERIOR TO THOSE FORMERLY IMPORTED

What else so cheerful as the Daffodils that greet you early in Spring? Of snowy white or mellow gold, they bloom profusely—almost anywhere, even in poor soil. Once planted, they multiply and bloom more abundantly and charmingly year after year without care.

Plant these bulbs generously in your lawn (for they will be through blooming before you cut the grass), along your shrubbery border or fringing the roadside, or even in the nearby woods—anywhere they will grow unmolested—and you will reap unbounded joy every Spring when they are in bloom.

All Daffodils, but especially the Poeticus types, do best if planted in early Fall, September or October. Set the bulbs at a uniform depth, otherwise they will flower irregularly. Plant bulbs 6 inches deep and the same distance apart. Daffodils are easily grown in pots for Winter blooming, the Large Trumpet and Doubleflowering varieties being especially good for that purpose.

Olympia. A giant Daffodil of imposing grandeur, magnificent deep primrose perianth and bold golden yellow, wide open trumpet of great size handsomely frilled and recurved at brim and held erect on extremely long, well supporting stems. Perfectly hardy. We are so impressed with the beauty of this grand Daffodil that we have arranged for large plantings which enables us to offer bulbs of this fine variety at a new low price. Specially priced at **\$1.50 per doz., \$9.00 per 100, \$85.00 per 1000.**

Mrs. R. O. Backhouse. This is the famous "Pink Daffodil." Its lovely perianth of ivory white is beautifully proportioned, and the slim, long trumpet of apricot pink changes to shell pink at the deeply fringed edges. **\$3.00 each, \$32.00 per doz.**

Mrs. E. H. Krelage. Known as the white King Alfred. A most charming and exquisite new variety. It is of the purest white ever obtained in the large trumpet type Narcissi. Produces large, erect flowers of great substance, fine for forcing. **\$2.50 per doz., \$16.00 per 100.**

OTHER NEW AND RARE DAFFODILS AND NARCISSI

Recommended for Their Unusual Beauty and Great Substance

Alasnam. A majestic Daffodil of great size and substance. Wide, densely frilled trumpet of pure, deep yellow. A shade deeper than the perianth with upward facing trumpet. One of the earliest to bloom. **35c. each, \$3.50 per doz.**

Lovenest. One of the daintiest of all trumpets, with star-shaped perianth and nicely proportioned trumpet of saffron yellow turning to apricot pink—really a new shade. **\$10.00 per doz., \$66.00 per 100.**

John Evelyn. Pure white perianth 4 to 5 in. across, with flat lemon yellow cup nearly 2 in. in diameter and densely frilled, and fluted and shirred at base. Strong grower. **75c. each, \$7.00 per doz.**

Stella Pratt (Incomparabilis). Huge, star-shaped primrose perianth with deep golden yellow trumpet shading to orange. **60c. each, \$6.00 per doz.**

Firetail (Barri). Very broad petals. Creamy white perianth and large orange cup with orange scarlet frill. Impressive. **30c. each, \$3.00 per doz.**

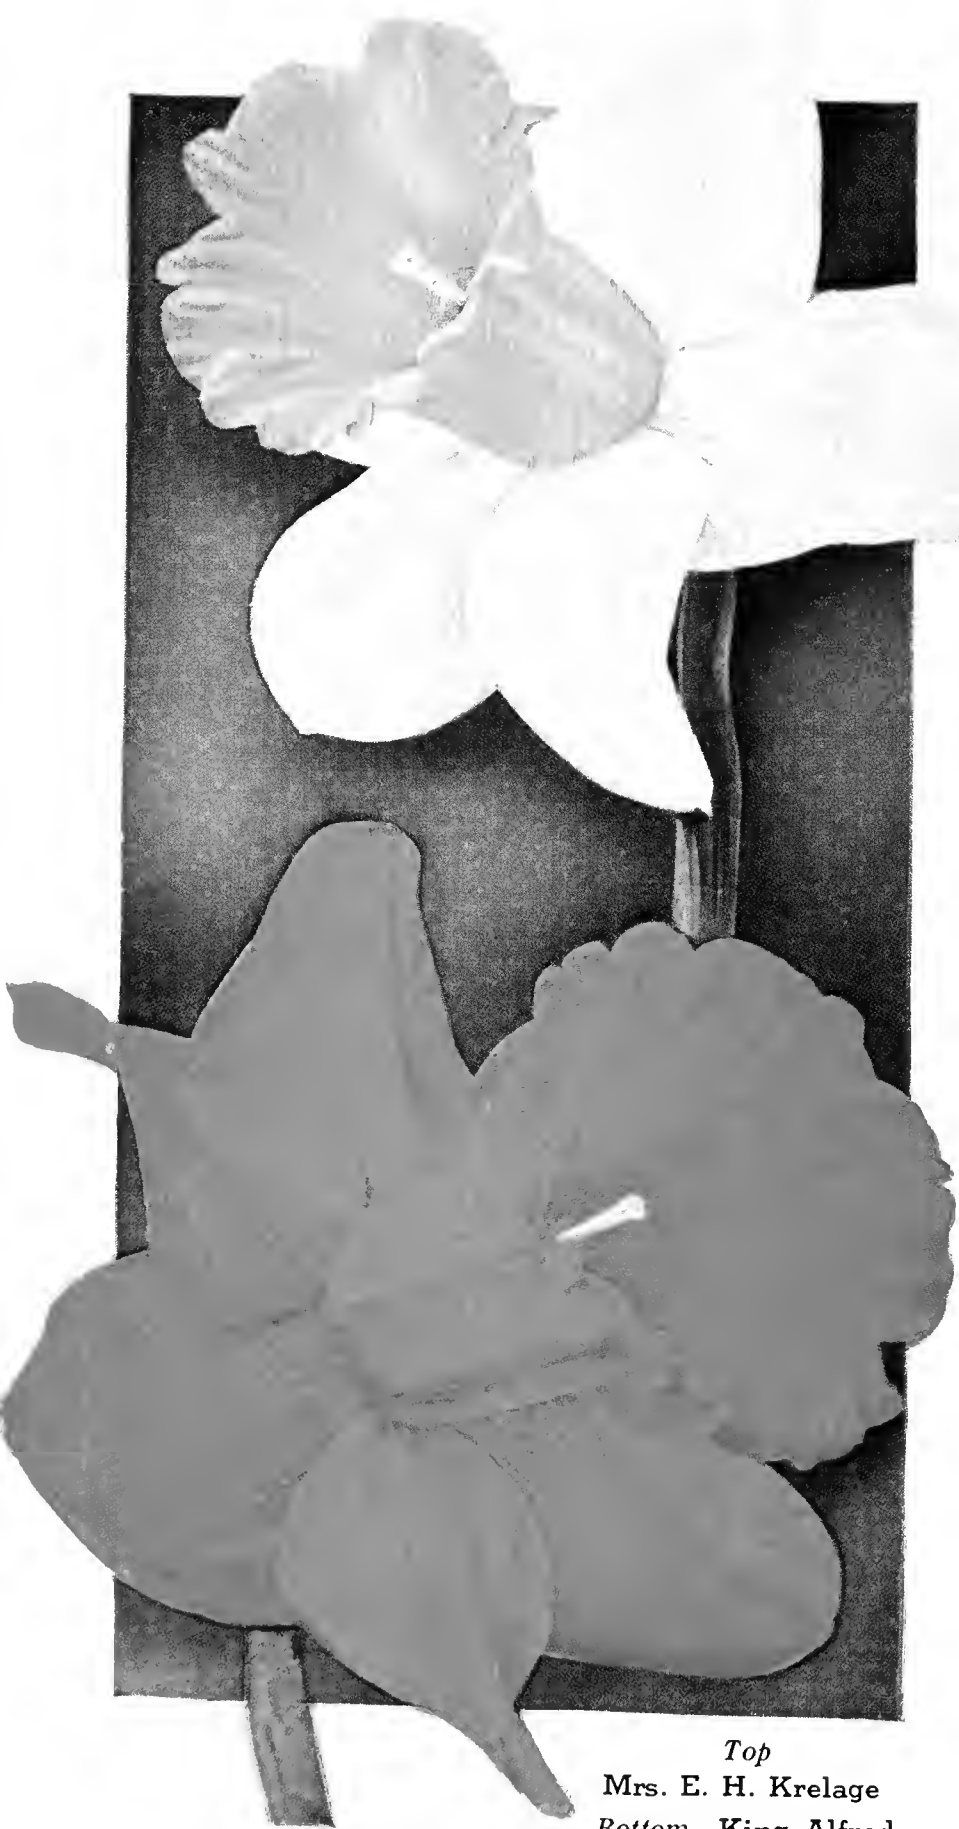

Gallipoli (Incomparabilis). Citron yellow perianth, cup deeply fluted to base with a double frill effect at edge, yellow shading to vivid orange. **50c. each, \$5.00 per doz.**

Tokay. Resembles in color the wine of its name. Tremendous flower on stiff, tall stem. 30 in.....	1.25	9.00
White Giant. Enormous, deep pure white cup; thick flower petals. Stiff, tall stem. The perfect white Tulip. 32 in.....	2.00	15.00

Correct Planting Time

While all Springflowering bulbs can be planted any time before the ground freezes, the most excellent results are obtained if planting is done between October 10 and 25. This will allow the bulbs sufficient time to establish a good root system before the ground freezes.

NAPHTHALINE FLAKES

Where moles or field mice are troublesome, we recommend the use of Naphthaline Flakes. Do not put this under the bulb, but sprinkle about a half teaspoonful of the flakes over each bulb after it has been set and before it is covered.

Naphthaline Flakes are priced as follows:
 Lb.....\$0.25 25 lbs.....\$3.50
 5 lbs......75 100 lbs.....12.00

TRIAL COLLECTION

To prove the superiority of the Ideal Darwins we offer: **Margaux, Mermaid, Pansy Blue, White Giant**

New Giant White. Improved, three weeks earlier than Elder's. 80c. per doz., \$4.50 per 100, \$40.00 per 1000.

Splendens. Best giant lavender self. 75c. per doz., \$4.00 per 100, \$38.00 per 1000.

sia

BULBS for FORCING

Grow Bulbs for Winter Cheer Indoors . . .

RIGHT IN YOUR OWN HOME . . . IN SCHLING'S PREPARED BULB FIBER

And no need of ugly pots either! Use a bowl of your favorite color blending with the furnishing scheme of the room. This will lend an additional charm to your plant—you will enjoy it so much more.

Our Bulb Fiber is a complete substitute for soil scientifically prepared for use in receptacles without drainage. It is clean and odorless; no saucers necessary; no fear of staining the woodwork or table coverings. This Fiber is cleverly impregnated with plant-food in such a manner that it becomes available gradually but continually as required by the plant to assure a steady, healthy, and vigorous growth.

Prices of Schling's Prepared Bulb Fiber:
Qt. 25c., ½ peck 75c., peck \$1.35, bus. \$5.00

Directions for Using Bulb Fiber. Wet the Fiber thoroughly until it has absorbed all the water it can hold. This is best done in a pail or pan. Then squeeze out nearly all the water and it will be just right for planting. Fill the bowl three-fourths full, or to within a few inches of the top, according to the size of the bulb. Press down gently (never pack it down), set bulbs at the proper distances, and fill up with Fiber. Press it gently around the bulbs but *don't* pack it down.

All bulbs except Freesias, Callas, and Lilies-of-the-valley should be kept in a dark place to develop roots before sprouting. Hyacinths, Daffodils, and Tulips require from four to six weeks; Paperwhite and Soleil d'Or Narcissi and Chinese Lilies from two to three weeks. By bringing in a few bowls at intervals and making additional plantings one may enjoy blooming plants all through the Winter months.

THE BULBS TO GROW IN OUR FIBER

NARCISSUS, Paperwhite grandiflora. White, Doz. jumbo size.....	\$1.00
NARCISSUS, Soleil d'Or. Yellow, jumbo size.....	2.00
DAFFODILS, Either Large Trumpet, Poetaz, or Double.....	1.00
HYACINTHS, Exhibition Bulbs to Color.....	2.50
HYACINTHS, White Roman. Bloom early; grow well in fiber.....	3.50
CALLA LILIES, Large White. "Special." Very largest bulbs.....	\$1.00 each, 10.00

AMARYLLIS

Schling's New Giant Hybrids. Grow beautifully in fiber. Huge flowers 10 in. or more in diameter, 5 to 6 to a stem are not unusual. A glorious plant for Winter cheer. Easy to grow; always satisfactory. **\$1.00 each, \$10.00 per doz.**

LILY-OF-THE-VALLEY PIPS

Especially selected and especially treated for growing in fiber. The most satisfactory of all bulbs for house culture. No failure. Will bloom in 21 days from the time of planting. **\$1.50 per doz., \$2.50 for 25 pips, \$9.00 per 100 pips.**

To assure a continuous bloom throughout the Winter, plant every three weeks. These bulbs are kept dormant on ice and must be planted as soon as thawed out. Therefore, order only sufficient for each planting, as you cannot keep the bulbs.

Yellow Calla

IRIS RETICULATA

Delightfully Scented—Blooms in Earliest Spring

This charming violet scented Iris is a real revelation. It blooms in the earliest days of Spring, the same time as the Crocus. Its brilliant deep violet purple flowers with golden yellow blotch are a joy to behold. Perfectly hardy everywhere.

\$2.00 per doz., \$15.00 per 100

The Lovely NERINES

Beautiful bulbous plants with large umbels of long, narrow, trumpet-shaped, Amaryllislike flowers in orange-pink, cerise and salmon shades. Very rare and charming plants for the greenhouse. When cut, they keep a long time in water, and are entrancingly beautiful under artificial light. Assorted hybrids.

\$1.00 each, \$10.00 per doz.

SPIREA

(See Page 18—Astilbe)

LEUCOCORYNE

Ixioides odorata (Glory-of-the-sun). Blue with white centers; 18 in. stems. As easy to grow as a Freesia, requiring the same culture. **\$3.50 per doz., \$25.00 per 100.**

ORNITHOGALUM

Arabicum (Star of Bethlehem). Fragrant white flowers with glistening black central boss and yellow anthers. Many flowers on stems. **90c. per doz., \$6.00 per 100.**

Thyrsoides (The White Chinchinchee of South Africa). Beautiful satiny white flowers with brown eye. **90c. per doz., \$6.00 per 100.**

The New Golden African

Chinchinchee Lily

(*Ornithogalum aureum*)

It is easily grown in the greenhouse or conservatory and requires about the same temperature and culture as the Freesia. It should be planted in pots in rich, substantial, well fertilized soil as it is a heavy feeder. The bulbs, although very small require more space than is ordinarily given to other bulbs of their size owing to their very fleshy, flat, spreading foliage. 3 bulbs to a 5 in. or 6 in. pot is just right.

It is a bulb from sunny regions and it is therefore well to bear in mind its need for the fullest possible amount of light. It should have a well ventilated atmosphere and a growing temperature of 55 degrees which may be increased to 60 degrees towards their flowering time.

The sensational lasting quality of the flower is astonishing to all. Their ability to stand dry air for a considerable length of time, even if out of water, makes this a cut flower of unrivaled merit and charm.

\$2.00 per doz., \$15.00 per 100

CAMASSIAS

Hardy everywhere and will thrive in any soil. Do well when naturalized in woods or on the sides of ponds and streams. Plant 4 inches deep and 5 inches apart in masses of 25 to 100.

Leichtlini, Blue to Purple. 4 ft. high and often bears 50 to 75 evenly formed, star-shaped flowers on a stem. **\$1.50 per doz., \$10.00 per 100, \$85.00 per 1000.**

Quamash (*esculenta*). Rich deep purple flowers. Grows as high as 2 ft. **75c. per doz., \$5.00 per 100, \$35.00 per 1000.**

CROWN-IMPERIAL

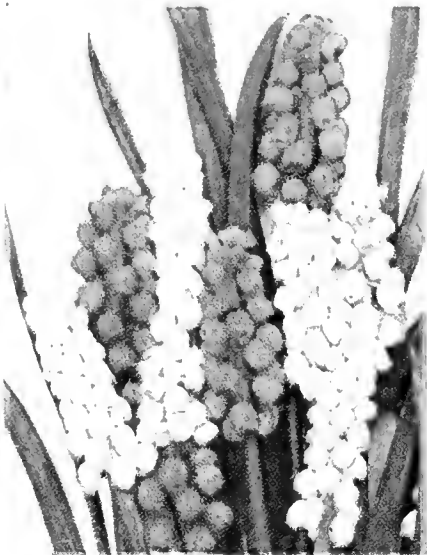

(*Fritillaria Imperialis*)

One of the handsomest of the old-fashioned flowers whose towering spikes, 3 feet tall, are topped with a tuft of leaves surmounting a circlet of hanging Lilylike flowers varying from yellow to orange. One of the most glorious of the bulbous plants. Plant them in a permanent position where they need not be disturbed.

40c. each, \$4.00 per doz., \$30.00 per 100

Fritillaria Imperialis

Grape-hyacinths

Fritillaria meleagris

Snowdrops

Spring Crocus

Lovely Spring Beauties

Plant them freely through your lawn, shrubbery, and perennial borders and in the rockery in groups of at least 25 or more bulbs—they will yield rich dividends of pleasure as they increase in beauty and numbers from year to year.

Chionodoxa (Glory-of-the-snow). Bright blue, white eye; the earliest blue flower of Spring. In bloom before all the snow has disappeared. 40c. per doz., \$2.25 per 100, \$18.00 per 1000.

Grape-hyacinths, Heavenly Blue. Largest, finest and richest in color. 50c. per doz., \$3.00 per 100, \$25.00 per 1000.

Scilla sibirica (Blue Squill). 50c. per doz., \$3.50 per 100, \$30.00 per 1000.

Scilla campanulata, Blue (English Bluebells). 40c. per doz., \$2.75 per 100, \$25.00 per 1000.

Scilla campanulata alba. Pure white form of the above. 50c. per doz., \$3.50 per 100, \$30.00 per 1000.

Scilla campanulata rosea. Same as the Heavenly Blue, only in a beautiful clear rose pink. 60c. per doz., \$4.00 per 100, \$35.00 per 1000.

Snowdrops, Giant Double. The double form of the above. 75c. per doz., \$5.00 per 100, \$45.00 per 1000.

SPECIAL OFFER

NO. 62

Heralds of Spring

200 of these lovely Spring beauties, 25 each of the following 8 named varieties: **Snowdrops** (single); **Glory-of-the-snow** (blue); **Heavenly Blue Grape-hyacinths**; **Blue Squills** (*Scilla sibirica*); **Bluebells** (*Scilla campanulata*); **White Bluebells**; **Wood-hyacinths** (*Scilla nutans*); **Winter-aconites**..... **\$6.00**

Snowdrops, Giant Single. Earliest of all Spring flowers. In sheltered spots they often bloom in February and March and before the snow has disappeared. 60c. per doz., \$4.00 per 100, \$35.00 per 1000.

Eranthis hyemalis (Winter-aconite). Follow the Snowdrops. The earliest of all yellow Spring flowers. Like golden stars nestling on an emerald green cushion of leaves. 40c. per doz., \$2.75 per 100, \$25.00 per 1000.

Fritillaria meleagris (Guinea Henflower). Dainty, bell-shaped flowers checkered and spotted like Guinea Hens. Most attractive if planted in groups of at least 25 or more in the foreground of the border or in the rock garden. 75c. per doz., \$5.00 per 100, \$45.00 per 1000.

Leucojum aestivum (Spring Snowflake). Very much like the Snowdrop only the flowers are larger and on longer stems, and they bloom later. \$1.00 per doz., \$6.00 per 100, \$55.00 per 1000.

Chionodoxa

Eranthis

Scilla campanulata rosea

Scilla sibirica

DUTCH HYACINTHS

A special pick of the largest bulbs produced in Holland. Sound, plump, and well matured, producing strong spikes of great length—you can buy no better. This size should always be selected for pot or glass culture, as they are far more vigorous in growth and produce larger and finer flower trusses than the smaller bulbs. Unexcelled for outdoor planting for the same reason.

Hyacinths grow in any good garden soil, but a well enriched soil induces more perfect growth and larger flower spikes. Well rotted barnyard manure, sheep manure, or bonemeal, liberally applied, well dug in, and mixed with the soil is very helpful. Set bulbs 6 inches apart each way and 8 inches deep (to bottom of bulb). Hyacinths are perfectly hardy, but a light covering of salt hay, leaves, or straw, after the ground is frozen, will prove beneficial.

THE HOLE-IN-ONE BULB PLANTER

An indispensable tool for planting Narcissi in lawns or meadows or for naturalizing anywhere. Will excavate a perfect hole to receive the bulb. The soil and sod are easily replaced without damage.

\$4.00 postpaid

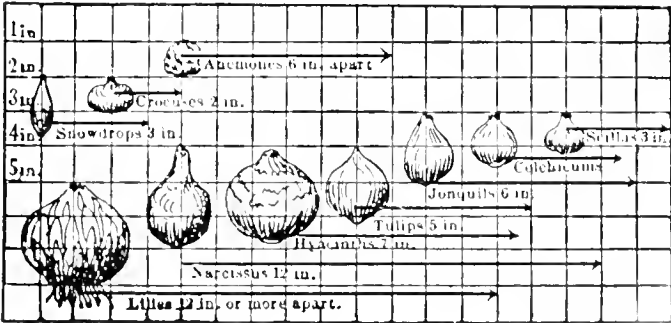

THE JUNIOR HOLE-IN-ONE BULB PLANTER

(Right)

This handy tool makes the type of hole best suited to bulbs. It scoops out the soil and leaves a flat surface underneath giving the bulb a firm, flat base free from air pockets. 50c. each, postpaid.

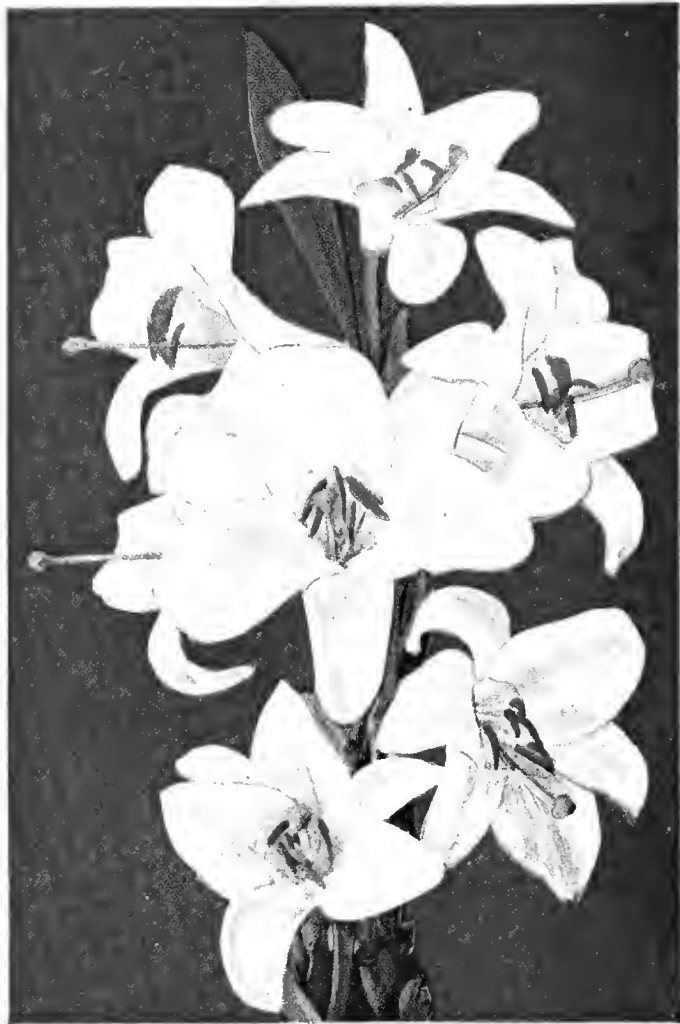

Diagram shows the proper depth and distance apart at which bulbs should be planted.

HARDY LILIES

No garden is complete without at least a few of these stately beauties, the blooming season of which may be extended from June to September if the proper varieties are planted. Large plantings of *L. candidum*, *L. tigrinum*, and the *Speciosum* varieties are recommended, and also the handsome, early blooming American varieties, *L. elegans* and *L. superbum*. They thrive in any well-drained garden soil, but do best in the hardy border or among shrubbery. Plant bulbs twice their depth and when frost sets in, cover with 4 to 6 inches of leaves or litter, which should be removed in the Spring.

Right—*Lilium Auratum*

Left
Madonna Lily

MADONNA LILIES FOR JUNE GARDENS Lovely with Delphiniums

These stately flowers, symbol of purity and devotion, whose royal grace and glistening whiteness give a supreme distinction to any garden are selected from the choicest collection in north France. The mammoth bulbs are extra large and will produce from 8 to 12 flowers per stalk. First size bulbs have 6 to 8 flowers.

Mammoth Bulbs.....\$5.00 per doz., \$36.00 per 100
First Size Bulbs.....\$4.00 per doz., \$30.00 per 100

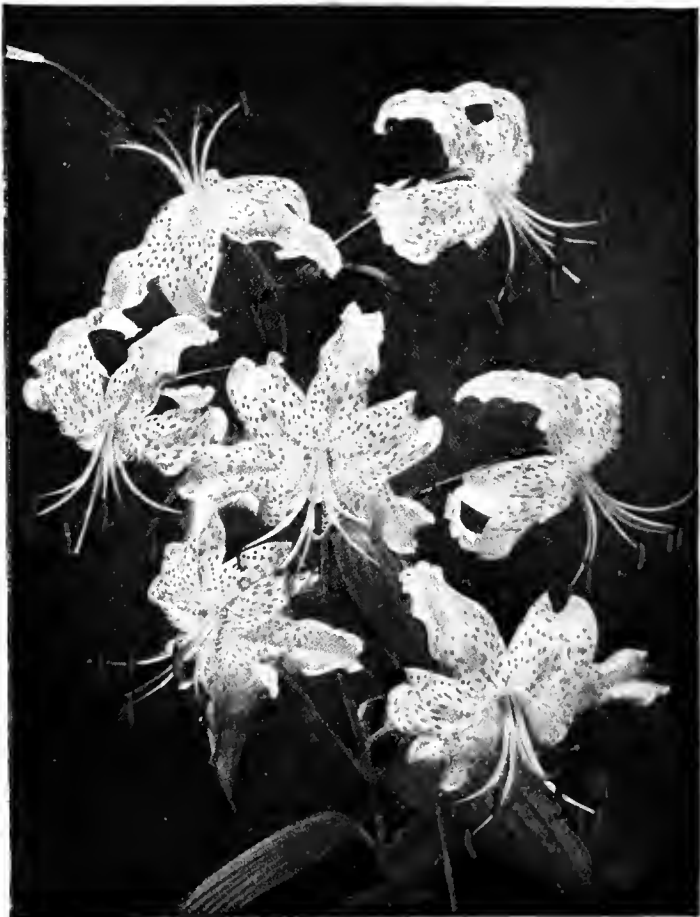

***Lilium hansonii*.** Delightful, sweet-scented, waxy orange Lilies. They bloom in June with the Madonnas. 4 to 5 ft. high. 65c. each, \$6.50 per doz., \$45.00 per 100.

Regal Lilies for July Gardens. Bloom in late June and early July following the Madonna. They bear from 3 to 6 large, pearly white trumpets touched with rose and with yellow shadings in throat; on stately stems 4 to 5 ft. tall. Extremely hardy, will give satisfaction in all localities. Bulbs 7 to 8 in. in circumference, sure to bloom the first season. \$3.50 per doz., \$5.00 per 25, \$8.00 per 50, \$15.00 per 100.

Lilium speciosum rubrum (Japanese Lily). Blooms in August and September. Showy and most satisfactory. 9 to 11 in. bulbs. \$4.50 per doz., \$35.00 per 100.

Select List of FINE JAPANESE IRIS

A real fine collection of truly marvelous varieties, with flowers measuring from 6 to 8 inches in diameter. These Irises will be at their best in July and prefer a warm, sunny location. Keep them well watered when in bud and at blooming time and you will be amply repaid for it. Our strong-flowering clumps will produce from three to four flowers the first year. Divisions usually bloom the first Summer, but cannot be depended upon.

Catherine Perry. Double. Blue, overlaid red.
Carlton Childs. Single. White veined plum.
Dominator. Single. Violet purple, yellow center.
Gold Bound. Double. Pure white.
Josephine Heywood. Single. Rich blue purple.
Kuro-Kumo. Double. Solid purple.
Lila Cox. Double. Light blue, white veins in center.
Mrs. J. Alexander Hayden. Double. White shaded pale violet.
Purple and Gold. Double. Violet purple, gold center.
Pyramid. Double. Violet blue, center veined white.

Divisions—All varieties listed above, 50c. each

Clumps—All varieties listed above, \$1.00 each

OFFER NO. 41 — Divisions, 1 each of the above 10 varieties, \$4.00

OFFER NO. 42—Strong clumps, 1 each of the above 10 varieties \$8.50

[SPECIAL—Extra large clumps of Japanese Iris in mixture. All fine varieties, exceptional value. 90c. each, \$9.00 per doz.]

English Iris A truly lovely Iris for your garden or for cutting. Perfectly hardy, they bloom after the Dutch and Spanish and just before the German Iris, often continuing their bloom after the latter are through. They are the finest of all bulbous Irises.

Plant 5 inches deep to the bottom of the bulb setting bulbs 6 inches apart.

Blue Celeste. Light lavender blue. Very effective.

King of the Blues. Brilliant, deep purple blue.

Mont Blanc. Pure white.

Othello. Rich wine red.

Sunset. Delicate lavender pink (Cattleya Orchid color).

Separately, any of the above, \$1.35 per doz., \$10.00 per 100

THE COLLECTION—12 each of the above varieties, \$6.00

All plants to be forwarded by express, purchaser paying charges. If wanted by parcel post, add 10% of the value of the plants to cover postage and packing. We ship only strong, field-grown plants. C.O.D. orders for plants cannot be accepted unless 50% of the amount accompanies order.

HARDY ALPINES and OTHER ROCK PLANTS

The rock garden offers a delightful medium of expression to the amateur. It kindles the imagination with a flame that enriches our garden experiences. So subtle and yet powerful is its influence that once "touched," we are zealots forever. With Nature showing the finest examples of rock garden design, our problem has been to assemble a distinguished collection of alpine plants, to furnish color over a long period. The following pages list plants of proved hardiness. They are rugged, permanent, and picturesque. Given reasonable care and proper soil conditions, they should increase in beauty with each passing year.

Aethionema persicum. Evergreen bushlets with pink flowers. May and July. 4 to 6 in.

Warley Rose. Very compact, with rose colored flowers like a miniature *Daphne cneorum*. \$1.50 for 3, \$5.00 per doz.

Alyssum saxatile florepleno. A glorious double form.

saxatile citrinum. A new variety with sulphur yellow flowers.

Androsace lanuginosa. Soft silvery leaves and umbels of rose colored, Primula-like heads. Spring and Fall blooming. \$1.50 for 3, \$5.00 per doz.

Aquilegia pyrenaica. Rich blue flowers of exquisite daintiness. A rare dwarf form. 8 in. June, July. \$1.50 for 3, \$5.00 per doz.

Arabis, Rosabella. A true pink form with large flowers.

Armeria caespitosa hybrida. Spiny little cushions of dense green with large, rose pink flowers in Spring and Fall.

Aster subcaeruleus, Wartburg Star. Big violet flowers, with gold discs, from May until July. 1 ft. \$1.50 for 3, \$3.50 per doz.

Astilbe simplicifolia. Spikes of pale pink flowers on 1-ft. stems. Summer-flowering. \$1.50 for 3, \$5.00 per doz.

Campanula garganica. Cushions of glossy green foliage smothered with an avalanche of blue stars from June on.

muralis. A dense tuft with bell-shaped flowers of purple blue from June until September. 4 to 6 in.

Convolvulus mauritanicus. An exquisite subject to fill the Summer blooming period. In a sunny exposure it makes luxuriant mats overlaid with blue discs from June until October. 1½ ft. spread.

Coronilla cappadocica. Glaucous mat with coronets of golden yellow, pea-shaped flowers. A real prize during May and June. \$1.50 for 3, \$5.00 per doz.

minima. Very diminutive form of the above, and very rare. \$1.50 for 3, \$5.00 per doz.

Cyclamen hederacifolium. We have one of the finest stocks of this rare, hardy, dwarf Cyclamen. Small marbled leaves with beautiful winged flowers of cherry pink in July and August. Wants part shade. \$1.50 for 3, \$5.00 per doz.

Dianthus roysi. A beautiful form of *D. neglectus* with a more robust constitution, covered with bright pink flowers during June.

winteri. Large flowers of soft pink, with a brilliant carmine eye, from May on. 6 to 8 in.

Draba olympica. A profusion of close heads of yellow flowers in very early Spring.

Edraianthus dalmaticus. Tubular flowers of purplish blue on stems 4 to 6 in. high. Beautiful mats of grasslike foliage.

Erigeron mucronatus. Beautiful trailer with small pink and white flowers blooming throughout the Summer.

trifidus. Flat tufts of Daisylike flowers of pale lavender, on 2 in. stems, from May until September. \$1.50 for 3, \$5.00 per doz.

Erodium amanum. Ferny leaves of silvery gray with large, creamy white flowers. \$1.50 for 3, \$5.00 per doz.

chamaedryoides roseum. A close-creeping mosaic studded with pink flowers throughout the Summer until late Fall.

Gentiana acaulis. The beautiful alpine stemless Gentian, with glorious trumpets of deepest blue in Spring and Fall. \$1.50 for 3, \$5.00 per doz.

purdomi. A species from Thibet, with trumpets of bright blue, during July and August. Easy and vigorous. \$1.50 for 3, \$5.00 per doz.

Prices of all Rock Plants in this list, except where otherwise quoted, \$1.00 for 3, \$3.00 per dozen

Orders for less than 3 of one variety cannot be accepted

- Geum borisi.** Brilliant orange flowers from May on. 8 in.
- Iberis saxatile.** Masses of white flowers covering a distinct shrublet in May and June, and a little in the Fall.
- Iris cristata alba.** A rare white-flowering variety of our own delightful native wildling. \$1.50 for 3, \$5.00 per doz.
- Lotus corniculatus florepleno.** A beautiful trailer with umbels of double, yellow, pea-shaped flowers tipped with carmine in June and July. Splendid for a dry bank.
- Meconopsis baileyi.** The rare and ever-lovely Blue Poppy of Thibet. It should be planted in a northern exposure, with plenty of leafmold and sand and a fairly continuous supply of moisture. The flowers, of a rare shade of caerulean blue, come in May and June. \$1.00 each.
- Phlox stolonifera.** Dense heads of lavender flowers on 3 in. stems are borne from early Spring until July, in sun or shade. 3 in. \$1.75 for 3, \$5.00 per doz.
- Phyteuma scheuchzeri.** Violet blue flowers on rounded heads, supported by delicate stems, in late May until end of July. Very rare. 6 in. \$1.50 for 3, \$5.00 per doz.
- Primula acaulis florepleno, Lavender.** These double-flowering Primroses are a wonderful addition to the Spring garden. \$1.50 for 3, \$5.00 per doz.
- acaulis, Red Shades.** These are magnificent in substance and of deep red and claret shades.
- veris, Blue Shades.** Beautiful large flowers in great profusion.
- veris, Munstead Giant.** A carefully selected strain of cream and yellows.
- vulgaris (acaulis).** The true English Yellow Primrose.
- Rosa rouletti.** The little dwarf Rose covered with sweet-scented, double pink Roses from May until Fall. 75c. each, \$7.50 per doz.
- Trollius ledebouri, Golden Queen.** Large flowers of golden yellow, with very prominent anthers, during late June and July. \$1.50 for 3, \$5.00 per doz.
- europaeus hybrida.** The early Spring Chinese Buttercup.
- pumilus.** A very dwarf rare species with small yellow flowers in Spring. 6 in. \$1.50 for 3, \$5.00 per doz.
- Tunica saxifraga florepleno.** Grassy foliage and large heads of double rose flowers. Very prolific from July on.
- Vinca alpina.** A new and highly refined Myrtle with wine-colored, velvety flowers. Very compact in habit and highly recommended. \$1.50 for 3, \$4.00 per doz.
- Viola, Apricot Queen.** A true favorite of all garden lovers.
- Arkwright Ruby.** Very large, ruby-colored flowers in great profusion. \$1.50 for 3, \$5.00 per doz.
- Climax.** A beautiful lavender Viola formed like Jersey Gem on long stems, borne throughout the Summer. \$1.50 for 3, \$5.00 per doz.
- Mary Emma.** Exquisitely lovely yellow flowers of enormous size, slightly ruffled, and a continuous bloomer. \$1.50 for 3, \$5.00 per doz.
- Maggie Mott.** The beloved English Viola, that produces large, delightfully scented flowers of a soft orchid lavender from May on until October. \$1.50 for 3, \$5.00 per doz.
- Mosley's Perfection.** Beautiful clear yellow flowers of great size and substance, on long stems.
- White Avalanche.** An exquisite white variety blooming freely during the Summer.

GENERAL LIST OF ROCK PLANTS

- Achillea tomentosa.** Silvery foliage. Yellow flowers.

OFFER NO. 36—3 each of above 5 varieties (15 in all)—\$5.50

LILY-OF-THE-VALLEY

Clumps. For outdoor planting. They thrive in a damp, shady place. Strong clumps. 60c. each, \$5.50 per doz.

Pips, Schling's Extra Strong Forcing Crowns. Very plump pips, will produce from 12 to 15 extra large bells on long stems. \$9.00 per 100, \$18.50 for 250, \$72.00 per 1000.

The Lawn

[The most important feature in the development of the home grounds, furnishes the setting for the house and puts the finishing touch to an attractive home]

The production of grass-seed mixtures to meet the varying conditions of soil, situation, and climate has now reached the dignity of an exact science. **Schling's Mixtures**, the result of years of experiment and experience, are compounded with the precision of a chemical formula and the seeds grown and selected with the most painstaking care, for vitality is no less important than variety. Where no very unusual conditions are present, we recommend unreservedly—

SCHLING'S SPECIAL LAWN MIXTURE

Which, in a comparatively short time will produce a perfect and permanently evergreen lawn, a rich deep green, in color, and of a close, thickly matted texture. This grass seed, as all the Schling Mixtures, is free from weeds, chaff and inert matter.

Lb. 75c., 5 lbs. \$3.25, 10 lbs. \$6.00, 25 lbs. \$14.00, 100 lbs. \$50.00

SCHLING'S SHADY NOOK MIXTURE

Has been specially developed to produce a rich, velvety green sward even in fairly dense shade—the only exception being under evergreens and other low-branched trees where no grasses can possibly survive. In damp and especially shady spots, a frequent application of agricultural lime is advised to prevent the soil from becoming sour. Lb. 90c., 5 lbs. \$4.00, 10 lbs. \$7.50, 25 lbs. \$18.00, 100 lbs. \$60.00

PERENNIALS

Choice Collection of HEATHERS

There is a growing interest in Heather, and justly so because the group is not only very interesting but the plants will grow under almost any conditions and will prove a great addition to any garden. They are perfectly hardy without protection and in fairly reasonable soil the rankest amateur can have complete success with them.

Calluna alporti. Magnificent habit. Profuse bloomer from July until Fall. 12 in.

Calluna cuprea. Another golden form. 10 in.

Calluna hammondi. One of the best of the group. Pink flowers. 12 in.

Calluna nana. As lovely in Winter as in Summer, covered in July and August with pink bells. 6 in.

Erica vulgaris, Prosper. More upright form with slender spires of green, bearing bells of deep rose during July and September. 12-18 in.

Erica vulgaris alba. A beautiful white form of the above.

Erica mediterranea hybrida. Lovely pink bells from November till Spring. A gem for the rock garden. 12 in.

Menziesi polifolia (Daboecia cantabrica). The Irish Bell Heather which is a joy from July on. 12 in.

\$1.85 for 3, \$6.75 per doz.

HOLLYHOCK DELPHINIUMS

Large, Field-grown Plants, Balled and Burlapped
(Revelation to Delphinium Lovers)

The Delphinium plants that we offer here have been checked as to type and description while in bloom, and represent a close accuracy in color and form to the prize-winners in England, from which they are directly descended.

We ship these plants with a large ball of soil,
wrapped in burlap. By express only

Advancement. An achievement in Delphinium. Often 5 to 6 ft. of solid bloom. \$5.00 each.

DAPHNE CNEORUM

(Garland Flower)

This captivating evergreen shrublet has endeared itself to the hearts of all true garden lovers. When in bloom during May and June, and again in September and October, the soft rose pink flowers, like clusters of sweet-smelling Arbutus, fill the garden with their delightful fragrance.

Daphne cneorum may be used liberally in the rock garden, in front of foundation plantings, along walks, or as edging in the border or Rose garden.

We offer strong young plants, heavily budded for this season's bloom. All stock is vigorous, field grown material and shipped balled and burlapped.

6-8 in., 75c.; 8-10 in., \$1.00; 10-12 in., \$1.50; 12-15 in., \$1.65

Daphne Cneorum (Garland Flower)

ENGLISH HYBRID LUPIN

In Color Groups

Group "A"—Bronze, apricot, yellow shades.

Group "B"—Rose, pink, flesh, buff shades.

Group "C"—Purple and mahogany.

Group "D"—Blue and lavender.

Group "E"—Cream and white.

These new hybrid Lupine produce longer spikes of exquisite beauty in an infinite variety of shadings.

Extra Heavy, Field-grown Plants

\$1.85 for 3, \$6.75 per doz.

PRIMULA

FOR NATURALIZING IN COOL, HALF SHADY PLACES

The collection as we offer provides a long succession of bloom. These Primulas are easily grown in a rich loam. Water copiously during the Summer. Primulas are truly permanent and increase in beauty with each year. Divide every third year.

Primula beesiana

Primula cashmeriana

Primula cortusoides

Primula moerheimi hyb.

Primula Munstead Giants

Primula pulverulenta

Primula polyanthus, large flowered yellow

Primula veris, red shades

Primula veris, blue shades

Primula vulgaris, true yellow English Primrose

DOUBLE PYRETHRUM

A new race of large-flowering, double Pyrethrums of magnificent size and coloring. They are vigorous, hardy and permanent. Excellent for the border. Their free flowering habit provides an abundance of cut flowers.

Lady Dawn. A soft old rose color on stems 2½ ft. high.

Lady Garnet. Double red of rich garnet hue.

Lady Sylvia. Large flowers of creamy white with a beautiful crest.

\$1.85 for 3, \$6.75 per doz.

HELLEBORUS NIGER

(The Christmas Rose)

Large flowers of purest white, often flushed with rose, rising above masses of dark leaves. 10-12 inches high. These exquisite blooms are produced from late November through the Winter. Best in sheltered, half-shady position. For best results fertilize liberally with well-rotted cow manure and leafmold dressing.

Strong plants, \$1.50 each, \$14.00 per doz.

HELLEBORUS ORIENTALIS HYBRIDS

(The Lenten Rose)

These beautiful hybrids bloom during early Spring and are more easily established than **H. niger**. They come in a wide range of colors—white, pink, maroon, and with purplish or crimson dots. Offered in mixture only.

Strong plants, \$1.50 each, \$14.00 per doz.

EXQUISITE! THIS AUTUMN-FLOWERING CROCUS ZONATUS

That brings to October and November a bright reflection of the blue skies of April and May. Here is a charming rarity for your rock garden or to scatter through the shrubby borders with its clusters of large flowers of the palest lavender imaginable in exquisite contrast to the central anthers of golden orange. As it is perfectly hardy it will increase in numbers from year to year.

75c. per doz., \$4.50 per 100, \$40.00 per 1000

PRIZE PEONIES *for* FALL PLANTING

A Selection Made NOW Assures a Special Pick of the Strongest Roots . . . We Ship Our Peony Roots in September

Always plant Peonies in the Fall, for the roots are then in prime condition. They grow well in any good garden soil. Care should be taken to keep manure a few inches away from the crowns of the plants, except the first Winter, when a coarse mulch an inch or more deep may be placed directly over the plants to prevent the frost from heaving them. It is not necessary to fertilize rich soil. In poor soil, the manure should

be kept 10 inches from the surface, and well mixed with the subsoil; after planting, apply manure to surface, as previously advised. Never allow manure to come in contact with the roots, as it rots them. Set roots 2 feet or more apart and cover top eyes not more than 2 to 3 inches; deep planting often results in blind growth. Official ratings of the American Peony Society are given where available.

Our Peonies Are Extra Strong, Field-grown Roots (Not Divisions)

	1 yr.	2 yr.
* Alexandre Dumas. 7.1. Early midseason. Predominating color brilliant pink; chamois, white and salmon petals intermingling.	\$0.90	\$1.25

OFFER NO. 50—1 root each of the 5 Japanese Peonies, 1 year \$14.00

PLANT YOUR ROSES

All authorities on Roses now agree that the Fall is the best time to plant them. Success also depends on the proper selection of adaptable varieties and most of all the preservation of a good, healthy root system. It is therefore apparent that plants freshly dug and transplanted in late Fall must have every advantage over those planted in the Spring which have been dug in the Fall and stored over the Winter in sheds and in consequence their root system has been thoroughly disturbed, necessary fibrous roots were lost, and the vitality of the plant considerably lessened.

Our Roses are grown under expert care, free from spot and blight, and the wood is properly ripened.

We dig our Roses only when we fill your orders.

In planting Roses, the graft or bud should be 2 inches below the soil. Before the ground freezes, draw the soil against the plant, the same as you would hill up Potatoes, and cover with leaves or salt hay. The chances of losses from Fall planting will be less than from Spring planting. We ship from October 10th until ground freezes. October planting is preferred, as the bushes have a chance to become established before Winter sets in.

HYBRID TEA ROSES

Autumn. Scarlet and gold; fully double.

Betty Sutor. Pale rosy pink, veined rose; reverse bright rosy pink.

Betty Uprichard. Outside copper pink; inside salmon.

***Caledonia.** White; fragrant.
